

# EDUCAÇÃO & SOCIEDADE & CULTURAS

The journal *Educação, Sociedade & Culturas* (ESC) is a peer-reviewed journal published by CIEE (Centre for Research in Education of the University of Porto, Portugal).

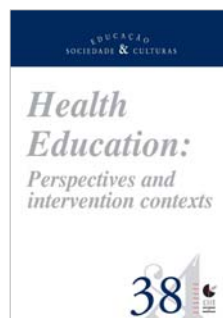

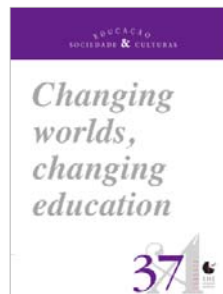

Since 1994, ESC publishes scholarly articles that explore significant ideas, issues, trends, policies and problems in education, and in related disciplines outside the education field, which contribute to the development of education theory and practice.

Moreover, it provides a forum for academics, researchers and practitioners to debate processes causing exclusion, inequalities and social injustices, and is committed to promoting the study of social and socio-educational policies and practices.

Although ESC is based in Portugal, we very much welcome contributions that enhance academic debate from anywhere in the world. Articles should constitute original research, and should be methodologically sound, theoretically informed and of relevance to an international audience. Articles are accepted and published in Portuguese, English, French or Spanish.
